URGENT COMPLAINT REGARDING THE CONTINUED DETERIORATION OF SERVICE DELIVERY IN eDUMBE LOCAL MUNICIPALITY

Dear Sir

I write to you in my capacity as the elected Community Representative of the eDumbe Concerned Residents Forum. This letter serves to formally lodge a complaint on behalf of the majority of residents regarding the continued and unacceptable decline in basic service delivery across our municipality.

Over the last six months, the standard of living for residents has deteriorated rapidly. This has resulted in widespread frustration, financial loss, and growing anger within the community. We have attempted to raise these issues through ward councillors, but no sustainable solutions have been provided. We are therefore compelled to bring this matter directly to your attention in writing.

The purpose of this letter is threefold: to outline the specific service failures, to demonstrate the impact on residents using evidence, and to present the community’s final demand before further action is taken.
